# AUTOBIOGRAPHY BROCHURE

Creating a Professional looking brochure

You are going to create a 3-panel brochure file called, AutobiographyLastnamefirstInitial. Keep all images in a folder called AutobiographyLastnamefirst Initial, along with your brochure.

You need to answer at least 7 of the following questions, but may add more information about yourself to take up the entire brochure. Think outside the box. You may write in Paragraph or bulleted format.

Write about yourself— Divide them into Sections and title the sections... You can decide how.

1. Where were you born?
  2. What are your parents names? Do you have any brothers & sisters? nieces, nephews, etc.?
  3. What are your interests? What are your favorite things to do?
  4. What are your favorite colors? music groups? Foods? school subjects?
  5. What do you see yourself doing in 10 Years?
  6. Have you lived anywhere else, If so Where?
  7. What is the furthest place you have been from Huber Heights, OH?
  8. What would be your dream trip?
  9. Who are your friends?
  10. If you could have just one wish granted what would you wish for?
  11. What do you want to do when you grow up? What college do you want to go to?
  12. Include any other information you feel is relative to who you are I want to learn more about you.
2. Add Design elements and use principles of Design.
  3. Must use lines, shapes, textures, borders etc to add creativity to your brochure. **DO NOT BOX** yourself in! Make use of Character and/or paragraph panel (Tracking, Kerning, Drop Caps, Leading, Scaling etc.)
  4. Cover must have a picture of yourself and your name. Rest of brochure must add **at least 4** more clipart and/or pictures, borders, shading, or anything else that might make it look exciting.—Check by hitting the W to preview how it will actually look once printed.. Needs to take up entire 2 pages and fill up all panels.
  5. **Must not use default font.** Pick fonts that are reflective of you, be consistent...Pay special attention to alignment, consistency and balance. **USE CHARACTER AND/OR PARAGRAPH STYLES.**
  6. Proofread it, Spell check it!! Check to make sure things are consistent. **FONT MUST BE READABLE - Do not use anything with all capital letters or script for the body.**—You will print this, but the entire class needs to know, you will print one page at a time!! You will take it out then put it back into the printer. When you turn it in, make sure it is folded! Export this as a PDF for Print and put a copy into the Handin.
