Compact Disc Cover—Photoshop

	•		
	ing the skills you have learned in Photoshop, you are to create a CD cover (front/back spine). You must orporate the following: text, graphics, color, filters/effects etc. based on good design techniques.		
	ZE in CM CK: 14.3 cm X 11.8 cmBinding .7 cm at far right (put a guide in) FRONT: 12.1cm x 11.9 cm		
Bei Spi	fore you start Photoshop, you must create 2 hand drawn, rough drafts – 1 for the front cover and 1 back/ ne Drafts must include: This will be worth 5 points Background – color, picture? Text – how many layers, effects Graphics – must have at <u>least</u> 4 not including background—Keep them in your CD Folder so I can see originals. You must incorporate <u>at least</u> image that you took a picture of or a drawing you did (Original)—Make sure you save this in your CD Folder.		
im:	 wnload from the Shard folder the CDProject folder> Rename CDLastnameFirstInitial. Keep all ages, fonts etc. Inside this folder. Front cover and back should be created as two separate PSD Cover must include: Band/Artist name, CD name, Original Graphics (minimum of 2) that capture the theme of the CD must be edited in some way and feel original. Back 		
	 Song names (minimum of 10 songs), Graphics that tie to the theme on the front Band name and CD name on the spine (yes, it's small) Print the cover and back/spine to B/W printer If correct then print in color and submit the Disc case put together as well this cover page. Put entire folder in appropriate Handin. 		
CE	Name Points /50
